Men and Women of God, please hear this testimony of Bill Wiese and Mary K. Baxter. Their testimony was so moving to me that it put a zeal in my heart for the lost, and a passion for serving the Lord. It was a hard testimony to hear, and it felt like a slap in the face, but it sobered me up and caused me to refocus myself. After I heard it, I asked myself, "if this is true, why am I sitting around playing church? And how can I tell someone the good news if I neglect to mention the bad news." It permanently altered my outlook on life, and I cannot stress enough the importance of hearing it.

"That all who believe in Him may be saved!"

"Soul, Soul, Soul, for Jesus" Jesus didn't die to save us from a stubbed toe and a missing car payment; He came to save us from unspeakable doom. Your love and appreciation of Him will grow once you knew just what He saved us from. This message needs to be heard by all people, so don't let the desire to be comfortable stop you from hearing it.

The most incredible testimony you'll ever hear
